

Dear FCC

I want to let you know that I benefit from listening to XM Satellite Radio and its traffic and weather channels. I use it when traveling throughout the State. I can't wait until XM has my city on the air.

Satellite radio provides variety and quality that are not available elsewhere. I personally spend more time listening to news and financial stations than music. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I'm permitted to hear.

Respectfully, I urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.

Thanks,
Gary Dallero
